A cutting scrape occurred near the Rice Mill last night, in which Victoriano Valdevier was severely cut in the region of the heart. The knife entered the left breast, struck the fourth rib and glanced downward, puncturing the sack around the heart. The wound is a dangerous one, though not necessarily fatal. Calixtro Garza was arrested by Joe Dominguez, and is in jail charged with the cutting. His version is that the wounded man and two others came to his house and insulted him, and he defended himself, using a piece of iron, but denies that he did the cutting. A woman was also arrested by Policeman Charles Tullos, and placed in jail.

EFFECTS OF CLASH.

New York Is Certain to Go Democratic.

New York, Sept. 18.—Prominent republicans in this city who have at heart the welfare of the National ticket, shook their heads ominously tonight when they learned that the long-expected open clash had at last occurred between Senator Platt and Gov. Odell. Most of them fear that it means the loss of this State to the party. It is expected that the greatest pressure that can be exerted will be brought into play to heal the breach reported from Saratoga, but those who look beneath the surface feel that now that war has been declared there is bound to be knifing and stabbing, and that Roosevelt and Fairbanks are likely to be fatally wounded in the general melee.

It is now more than two years since the first clash between Senator Platt and Governor Odell took place, and their clashes have been increasing until the two are now fighting almost continuously.

Why don't you surprise your horse with a feed of Barbour's mixed chops—corn and oats. 8-23-tf.
